

# Colon Clear

## What?

An organic/wildcrafted botanical blend used to promote colon health. This product is often paired with **Pure Body Clear** and other synergistic remedies as a part of **The Opening Channels Program**.

## Why?

We've all heard a joke or two about colon cleansing. While it may be funny to some, for those who suffer with constipation, it's no laughing matter. The statistics show that over 65% of the American population is constipated. So, if I may ask, how regular are you? Some people may consider going once a week as being "regular." However, according to nutritional experts, for every meal you eat you should have a bowel movement. Bowels that are congested store toxins which can accumulate in the large intestine, which can lead to illness, low energy and discomfort.

**Colon Clear** provides gentle and natural stimulation to the bowels so toxins can be eliminated and natural flow restored. This herbal nutritional supplement combines several well-known wildcrafted and organic botanicals used to promote intestinal and bowel health. Some examples include wildcrafted Aloe which is well-known for its laxative properties and is a popular over-the-counter juice for regularity; in addition organic Ginger Root is used for a wide variety of digestive disorders. As with all of our organs, the colon relies upon the health of other organs and systems, such as the Liver, in order to function optimally. For this reason organic Dandelion leaf has been included in this formula for its reported beneficial effects on liver function.

This information is not meant to diagnose, treat or replace traditional treatment, and has not been approved by the FDA or HPB.

## How?

1 capsule daily, or as directed.

## Tips:

Like so many bodily processes, the bowels need lubrication to move. **Colon Clear** was designed to be taken with plenty of water. If you find that your bowels are not moving like they should, increase the amount of water you are drinking before taking another capsule.

### Key Ingredients:

Wildcrafted Cascara Sagrada Bark, Organic Turkey Rhubarb Root, Organic Sage Leaf, Wildcrafted Aloe Ferrox Leaf (*Cape Aloe*), Wildcrafted Barberry Root, Organic Ginger Root, Wildcrafted Black Walnut Hulls, Organic Dandelion Leaf, Organic Slippery Elm Bark
