

Core Borage Blend

What?

Core Borage Blend is a synergistic combination of medicinal herbs that have been commonly used to nourish the body to increase vitality, to support calcium absorption, and to assist with inflammation.

Why?

The main ingredient in this *Spagyric* botanical blend is Borage, which has been traditionally used by herbalists for its anti-inflammatory action as well as for its ability to support exhaustion that can result from weakened adrenals after illness. Flax Seed has been added for its ability to soothe inflammation as well as for its nutritional content of protein, phytosterols, vitamins, minerals, fiber and lignans. Additionally, Red Clover, Beet Root, Marshmallow and Elecampane are included in this combination of herbs for their traditional use in providing phytochemicals and abundant minerals to assist with mineral absorption and inflammation. Also added is Lapacho/Pau d'Arco, widely used to soothe inflamed joints and rheumatic conditions; and Borage Oil to support calcium absorption and balance.

Core Borage Blend is an excellent remedy to use in any healing strategy to facilitate quicker healing and to maximize the body's ability to absorb minerals and to support healthy inflammatory response.

How?

30 drops orally (in water or juice if desired) twice daily AM/PM, or as directed.

Key Ingredients:

Borage (*Borago officinalis*), Flax Seed (*Linum usitatissimum*), Red Clover (*Trifolium pratense*), Lapacho/Pau d'arco (*Tabebuia impetiginosa*), Beet Root (*Beta vulgaris*), Elecampane (*Inula helenium*), Marshmallow (*Althaea officinalis*), Borage Oil (*Borago officinalis*), Ethanol 20%, Distilled Water 80%.
